

Sapling Soaker Bag - 15gal

RKG44020

Details

The Sapling Soaker is a tree watering bag that is designed to provide proper watering for trees. Prolonged drip tip of 5-9 hours helps to grow trees through constant watering at the root. The bag features built-in slow release emitters for even water distribution. Ideal for municipal street-side plantings, and landscaping applications.

- Heavy duty PVC
- UV resistant
- Maximum capacity 15 gallons
- Maximum tree size 1 to 4 inches
- Maximum tree size can be doubled by zipping two bags together
- 5-9 hours of drip time
