

## Centrifugal Pump - 115V

### RG4360

#### Details

This powerful, non-submersible, 115 volt AC pump delivers peak performance whenever you need to pump water. Instant self-priming allows for immediate delivery or instant emergency de-watering. When electrical power is not readily available, its potent 12 volt DC pump is ready to work. Simple but safe battery hook-up allows for immediate pumping capabilities. Reverse the poles and reverse the flow direction. Garden hose inlet.
