

Rain Bird Polyflex Riser - 12"

RGX56000

Details

12" riser that is used with any 10-32 threaded emission device to deliver water directly to a plant. These include Xeri-Bugs, PC Modules, Xeri-Bubblers and Xeri-Sprays. Extremely rugged and reliable - constructed of thick-walled, high-density polyethylene. Can be used with a riser-stake (RS-025T).
