

Bird Irri-Tape Repellent - 100'

RP2002

Details

Keep unwanted birds away with an iridescent ribbon of polyester film with three dimensional holograph printing of interlocking circles. The brilliant surface "flashes" as it moves with the wind. Birds sense a danger signal with the light movement and rustling sound. Suspend from fences, roof lines, ledges, or hang streamers from trees or beams. Will keep ducks and geese off lawns and ponds. Lightweight, 2" wide and 100' in length. Durable. Maintenance free.

Warning! This product contains DEHP phthalate chemical known to the state of California to cause birth defects and other reproductive harm.

- Lightweight, durable, maintenance free
- Brilliant flashes and movement frighten birds away
