

Hexagon Turf Repairer

RP7428

Details

Cut hexagonal pieces of turf 7" (18cm) across, up to a depth of 3"-4" (8-10cm). Simply use your bodyweight to stand or step on the base to make the cuts. This is a fast, effective way of turf removal, as cut segments will stack in the tool "magazine," allowing for continuous operation and transportation from one area to another. Steel construction. Powder-coated paint finish.

- Fast, effective turf removal
- Cut turf segments stack in tool "magazine" allowing continuous operation and transport from area to area
- Steel construction
- Power-coated paint finish
