

Mechanix Wear Fastfit Gloves

R7058-

Details

The FastFit Glove is a toolbox must-have for everyday jobs. Continuous stretch panels between fingers provide a snug fit while the elastic cuff offers easy on/off flexibility. Synthetic leather wraps from the palm around to the thumb and index finger for increased protection and better wear when handling tools. Hands stay cool, dry and comfortable with moisture-wicking material around the wrist, thumb and fingers.

- Moisture-wicking TrekDry at wrist, thumb and fingers
- Synthetic leather palm for increased protection
