

# Atlas Fit 350 Nitrile Gloves

R770350

## Details

The Atlas Fit 350 Nitrile gloves provide excellent protection against a wide variety of chemicals including many acids, solvents, petrochemicals, caustics, oils, fats and greases. The cotton/polyester lining with elastic knit-wrist provides extremely comfortable and secure fit. This oil-resistant glove features outstanding grip, dexterity, durability, puncture and cut resistance. The rough green nitrile palm coated glove features an ergonomic shape and abrasion resistance. Washable. Pair.
