

3M Chemical Sorbent - Yellow

R3M29296

Details

Chemical sorbents are useful for all spills, including aggressive chemical fluids. Chemically inert, these sorbents will not react with chemicals such as acids or bases. Chemical sorbents are ideal for emergency response situations. Folded Sorbent is dispensed in the form of a 5 inch wide continuous roll, perforated every 16 inches. (10.5 gallons/50 foot section).

- Address all spills
- Sorbents are chemically inert - will not react
- Ideal for emergency response
- 5 inch wide continuous roll, perforated every 16 inches
