

Ultimate Ball Washer

RP209

Details

Large, 7 pint capacity stands up to high traffic areas on the course, and the front clean-out plug makes maintenance easy. The cast aluminum body and lid are assembled with strong 3/8 inch Teflon-coated set screws that resist corrosion and provide superior grip during installation, plus easy removal. A towel clip is included at the front of the washer for convenience. Towels and decals available separately. Personalize each washer with your course logo! The durable 3" outdoor decals match those available for the R&R Tee and Practice Green Markers.
